

Web streaming - EACTA Annual Congress 2012, Amsterdam

31 Webcasts:

- Highlight 2012 Amsterdam: **Peter Rosseel** (May 24, 2013; 31610)
- Making Guidelines in cardiology & cardiac surgery - a team approach: **Bernard lung** (May 25, 2012; 51408)
- Evolution of Heart Procedures - evolution of heart teams: **Leen Van Garse** (May 25, 2012; 51407)
- Teamwork & Progress; a viewpoint from Beijing, China: **Weipeng Wang** (May 25, 2012; 51416)
- Training in Cardiovascular Anaesthesia; European visionary perspective: **Chirojit Mukherjee** (May 25, 2012; 51417)
- Praying for healthy minds and bodies in ICU survivors: **Yoanna Skrobik** (May 25, 2012; 51346)
- Potential Errors and their prevention in operating teamwork: **Filip De Somer** (May 25, 2012; 51345)
- Pre- and intra-operative management of the patient scheduled for Thoracic Anaesthesia, teamwork: **Peter Slinger** (May 25, 2012; 51403)
- Ex vivo human Lung Perfusion: A human model of acute lung injury: **Nandor Marczin** (May 25, 2012; 51404)
- Quality and Perioperative team communication failures: **Nick Sevdalis** (May 25, 2012; 51343)
- Team Behaviour and whistle blowing in Cardiac Surgery: **Bastian De Mol** (May 25, 2012; 51344)
- CABG in elderly patients. Results of on- and off-pump techniques: **Kim Houliind** (May 25, 2012; 51405)
- How necessary is sedation in Intensive Care: **Palle Toft** (May 25, 2012; 51411)
- How I do anaesthetise for the Norwood Procedure: **Ehrenfried Schindler** (May 24, 2012; 51402)
- @ the Edge - Intraoperative echocardiography: how to match effectiveness with comprehensiveness: **John Kneeshaw** (May 24, 2012; 51341)
- Pearls from the perioperative echocardiography literature: **Joachim Erb** (May 24, 2012; 51342)
- Preoperative anaemia and Patient Blood management: **Hans Gombotz** (May 24, 2012; 51339)
- Blood Pressure management in patients undergoing vascular surgery: **Mark Stoneham** (May 24, 2012; 51340)
- Inhaled NO for treatment of Pulmonary Hypertension after pediatric cardiac surgery: **Johannes Breuer** (May 24, 2012; 51414)
- Peripheral and central effects of neurohumoral Stress response: **Pascal Colson** (May 24, 2012; 51409)
- Inhaled NO for treatment of Pulmonary Hypertension after adult cardiac surgery: **Sven Erik Ricksten** (May 24, 2012; 51413)
- Peri-operative Insulin Resistance and outcome: **Thomas Schricker** (May 24, 2012; 51410)

- The human Microcirculation in Cardiac Surgery and Anaesthesia: **Paul Elbers** (May 24, 2012; 51412)
- Pharmacological cardioprotection: **Harry van Wezel** (May 24, 2012; 51415)
- The Jehovah factor: **Peter Rosseel** (May 24, 2012; 51338)
- Effects of balanced Infusion Fluids on Acid-Base and Kidney function: **Paul Elbers** (May 24, 2012; 51406)
- The effect of anaesthetics on morbidity and mortality in patients undergoing major non-cardiac surgery: **Manfred Daniel Seeberger** (May 24, 2012; 31612)
- Anticoagulation therapy and Monitoring during artificial instrumentation: **Ken Tanaka** (May 23, 2012; 51337)
- Anaesthesia and Cognitive function: **David Reich** (May 23, 2012; 51347)
- Human Error: Change in operating rooms through the Focus initiative: **Bruce D. Speiss** (May 12, 2012; 51335)
- Safety in Intensive care: **Hans Van Der Hoeven** (May 12, 2012; 51336)

31 Video Podcast:
